Observations... From Around Town

(BY JAY WHOZIT)

This week end eighty-six boys and girls, the home-makers, parents, teachers, business and civic leaders of the future, will complete the first and one of the most important laps in their journey through life, when they are presented diplomas marking the completion of their high school courses. . . . some will enter college to further their education, others will enter the business world, while others will just proceed to take life easy . . . but regardless of which course they may choose, we are quite sure they all will make better citizens, because of having had the privilege of receiving an American high school education . . . the May Crowning on last Sunday night at Stanislaus Stadium, sponsored by the Stanislaus and St. Joseph sodalities was really a beautiful ceremony, and to us the fact that this affair was held out in the open with so many townspeople in attendance made it all the more impressive and we wish to congratulate those who made it possible . . . remember next Saturday, June 4th is the day on which you vote for a third member of our city commission council . . . there are only two candidates for this important office, so think twice before you make your choice, so that you will have no regrets after the election is over . . . to be qualified to vote you must have paid your poll taxes for the years, 1947 and 1948, and you do not have to present your receipts at the polls . . . Brother Romuald Stanislaus Band Director, has announced that the band will not make the trip to Chicago in August . . . Bay St. Louis' many high school graduates have been having so much social activity that they will need a week after graduation to rest . . . with the swimming season at hand, let us say once again, men, women and children, PLEASE BE CAREFUL, because it is too late AFTER the tragedy of drowning strikes one of your loved ones . . . the board of trustees of the Brother Peter Memorial Scholarship Fund, have mailed folders to all interested parties giving all necessary information regarding the acquisition of funds and the method by which the money will be disposed . . . this is a wonderful undertaking and will afford splendid opportunity to many deserving boys who perhaps could not otherwise avail themselves of these educational opportunities. . . . Camp Stanislaus will open Sunday, June 12th and will run through July 17th . . . Camp St. Joseph will open about the same time . . . Mayor Carver, we do not know if there is anything you can do about it, but the outer edge of the beach road between the highway bridge and de Montluzin Avenue is very dangerous for a car heading North, especially at night or during rainy weather . . . do you think it possible to put some kind of guard rail there temporarily?

SAINT STANISLAUS BAND MUST FOREGO TRIP TO CHICAGO

By winning first place in the marching and concert contest at the New Orleans Music Festival on May 6, the Saint Stanislaus Band became eligible to participate in the Chicago Music Festival which will be held at Soldiers Field next August. The news that the Band would not enter the Chicago Festival was quite a disappointment to the band members, their parents, and many of the citizens. After being informed of the reason, all will agree that the cancellation of the trip was the sensible thing to do. There are only two classifications for high school bands entering the Chicago Festival, namely: bands of thirty members or less and bands of thirty members or more. It simply means that the Stanislaus Band would have to compete against some of the best high school bands in the country. Some of these bands come from high schools whose enrollment is 1500 or more students. Had the Chicago Festival classified the bands as they are classified in the State Contest, Festivals, then the Stanislaus Band could have entered the contest and have a good chance to place in the winning brackets. The St. Stanislaus Band wishes to express their thanks to all those who promised to help finance the expenses of the trip had the band gone to the Chicago Festival. They also wish to thank all those who have, in some way or other, contributed toward the success of the party which was given to the members of the St. Stanislaus Band last Wednesday night. It was a swell get-together; everyone enjoyed the games, the dancing, the eats and the drinks . . . thanks to the mothers of the band students.

BAY HIGH SCHOOL VESPER SERVICE HELD SUNDAY EVENING

The annual Vesper Service of the Bay High School which is part of the commencement exercises, was held on Sunday evening, May 22, at 6 o'clock with S. J. Ingram, Superintendent of city schools, presiding.

The invocation was given by Rev. John T. Dearnig and the Girls Chorus, under the direction of Mrs. Carl T. Smith, sang "Easter Carol" and "Lead Me, Lord." The Vesper message was given by Rev. C. R. Johnson, rector of Christ Episcopal Church.

Mr. Johnson said in his opening remarks to the young people that though he was not aware of what the religious faith of each of them was he did know that whatever creed they were better for having it. He reminded them that the world holds many blessings but these wrongs used could threaten one's welfare. He took as his first blessing, Science, and specified the many advances made in medicine and other benefits by science and that science had come a long way in conquering disease. "We need Science but we need religion more," he said.

His second blessing was Materialism. "I will not discredit materialism," he said. "I have no wish to discard or sell my car and go back to the horse and buggy; I am glad I can go in a store and buy butter and not know that some one bent over a hand churn to make it." He cited other things, soap, water from a faucet, gas and electricity instead of wood and said "Material things will not satisfy." The greatest force in the world is religion and if you have it you need not fear that your welfare will be threatened.

His third blessing was sensualism, and here he spoke of the need and right to take care of ones personal appearance but not to make this the important thing. "I like to know that there is something deeper than the surface. I want to know that there is something behind the beautiful skin." "Our bodies are temples of the Holy Spirit," he said, "and should be regarded as such."

"Religion is the greatest thing in the world" said the speaker in closing and if you have it you need not fear that Science, Materialism or sensualism will threaten your welfare.

Seated on the stage with Mr. Ingram were Rev. H. Bufkin, pastor of Main Street Methodist Church, Rev. Dearnig and Rev. Johnson.

A Report Of The Facts Uncolored, From The City Records

SYLVAN J. LADNER, JR.

In June 1948 the City could not meet its current obligations and was unable to secure funds by borrowing because it had already borrowed the maximum allowed by law on its anticipated tax collections. Because of this deplorable state of affairs of the City employees were not paid. For six months it was necessary for many of these employees to execute an assignment on their salary in favor of the Bank whereby they received only 90% of their monthly salary, 10% being withheld to take care of the interest that would accrue. This forced the employees to pay interest on their own money.

Had the City operated within its Budget, such conditions would not have existed. These practices seem to have been prevalent in the City Government during the past years, and such action has created a financial hardship on its employees. Wise spending of the Taxpayer's money would have precluded this.

Trough this column I have previously submitted examples of some of the illegal expenditures made by our City Administration.

In order to further familiarize you with the FACTS, I am herewith listing additional expenditures made by the City which you can readily see are flagrant violations of the law:

1—Sonnen Cylinder Hone and 5 Stones for hone	\$ 84.00
2—Delco Marine Batteries	145.00
1—Delta Combination Circular Saw and Joiner Unit with motor	213.00
40 Band Saw Blades and 2 Circular Saw Blades	70.25
1 Marine Vee Drive	85.00
2 Welders Jacket	17.00
3 Magis Wand Welders	70.85
8 Cotton Side Fenders for Boats	52.50
1 Second Hand Bicycle	35.00
1 Selenoid Shifter for Bendix Washing Machine	4.87
Parts for Johnson Outboard Motor	74.50
3—1 1/2 inch Brass Pipe	5.90
Deck Plates	40.00
1—100 lb. Paper Baler	19.30
1 Wall Type Gasoline Furnace	19.30
—3 in. 6-Volt Electric Blower for boat	17.95
26 Life Preservers	74.70
1 Pair Polished Brass Side Boat Lights	7.50
1 Brass Polished Bow Boat Light	3.75
1 Polished Brass Stern Boat Light	3.30
4 Polished Brass Boat Combination Lights	28.50
2 Used Port Lights for Boat	6.00
Fireworks purchased July 3, 1947	170.00

Such frivolous waste of the Taxpayer's money is evidence of the fact that our taxes are high; it is the reason why there was no money to pay the City employees; it is the reason why the streets and other departments of the City have been neglected. It is the answer to the question of why the City is constantly borrowing money and is heavily in debt.

"Wise spending of the taxpayers' money will eliminate these evils. It has been my policy during the past five months to put a stop to such wasteful expenditures.

The Waveland area has been served through Bay St. Louis substation in the past but the growth and development of the section has indicated that more capacity will be required in the future and the company is preparing for that day by placing this new substation in service now," said Mr. Gregory.

OUR TOWN

By WARREN J. CARVER

CONVENTIONS FOR THE BAY

It seemed for a while that Bay St. Louis would get the 1949 convention of the Mississippi State Firemen's Association. On April 28, 1949, a letter addressed by this office to Mr. J. F. Barksdale, Secretary-Treasurer of the Association in which a bid was made for the convention. The request was forwarded to Mr. Wm. J. Druetta, Sr., President of the Association and Chief of the Natchez Fire Department. Mr. Druetta's reply will be of interest to some of our people and our entire population will be proud to learn what an outsider thinks of this community. His letter reads:

I am in receipt of a letter from my secretary Mr. J. F. Barksdale of Jackson advising me of your letter with reference to having the convention in Bay St. Louis. I was stationed in Bay St. Louis for quite some time during World War 1 and I can think of no finer place, other than my own home town, to have our convention this year as I was certainly treated royally while stationed there. I have quite a few good friends from the old 155th Mississippi Infantry still living around there and can assure you that we will all be very glad to have our convention with you."

Although Mr. Druetta's heart was set on having the convention in the Bay, the Executive Committee of the Association voted for Cleveland, Mississippi. At any rate, the attempt was worth while and we have been assured of the convention for 1950 if Bay St. Louis will send representatives to the Cleveland convention in July. We will be represented and a strong bid will be made by our representatives for the convention.

Aside from being a good business proposition, conventions are the finest means of advertising the community. New people come in and spend a few days with us. They see our town and perhaps one or two of them may like it well enough to want to come in and make their home here with us. It will be the policy of this administration to invite as many small conventions as possible to our community. Should anyone know of a convention that we might be in a position to handle please let this office know and an invitation will be immediately sent out.

No matter what the outcome of the election on June 4, this administration has problems of major importance confronting it. First and foremost is the assessment of 1949 real and personal property. Work on this assessment should already have been begun but with only two members of the Council it has been practically impossible to do so.

Another matter is the streamlining of the accounting system and the adoption of the recommendation and suggestions as outlined by the recent audit report.

The recommendations and suggestions of the State Board of Health concerning the municipal water supply should be adopted and followed through.

Notices of water rent charges must be mailed by July 1 and the bulk of about this time of the year.

A study of the budget requirements for the ensuing year must be made within the near future and the tax levy to take care of these requirements must be computed.

The problem of financing municipal operation for at least five months of the current year must be given careful consideration.

How to operate and give our citizens the services they have a right to expect and yet give them some relief from excessive taxation is the unsolved riddle.

JOINT SODALITY CROWNING

At 7:30 P. M. on Sunday, May 22 at the S. S. C. Stadium, the St. Stanislaus and St. Joseph Academy sodalists had a joint crowning.

In the center of the stadium, was an improvised altar which was beautifully decorated with lovely gladiolas. Pat Gex, S. J. A. Prefect, crowned. The court included: Joy Starita, J. V. Morrae; Charles Burns and Clement Bontemps; Jackie Quintini and Frank Dominique; Rita Mae Seafide and Henry Vandenbosch; Mary Lou Seafide and Bobby Heane; Dorothy Garcia and Norton Haas; Susan Smith and Jim Witheman; Betty Colson and Rudy Young; Margalo Damborino and Mickey Dolan. The Sodality marched in a double line to the place on the field where the altar was erected. At this point, they formed the letter M for Mary, the Patroness of their sodality whom they were honoring in a special manner.

Hymns were sung, the beads recited, and, as a fitting climax, Benediction was given.

After the ceremony, the sodalists met in the S. J. A. Gym for the last school social of the year.

"My Sister Eileen" Presented by Little Theater

There are about five hundred people on the Gulf Coast who will agree that if ever a Little Theater director and cast should receive wholehearted praise, Mrs. Frank Kiefer and the cast of "My Sister Eileen" should. The comedy, already familiar as a Broadway and Hollywood hit, afforded four nights of sheer hilarity to audiences from this vicinity, Pass Christian, Gulfport, Biloxi, New Orleans and the Merchant Marine School at Henderson Point, and proved once again what an asset the Little Theater is to our community life.

In a large cast of such ability throughout, it would be impossible to single out certain actors for special commendation, since even the

minor roles were excellently done. The leading roles of wise-cracking Ruth and pretty Eileen Sherwood, new tenants of a Greenwich Village basement apartment, were taken by Mrs. Ray Stieffel and Mrs. Leita Esau, who, in the words of two-out-of-towners in the audience "simply bowled us over—they were wonderful." Equally good were Don McCulloch and Mrs. William Melcher as "The Wreck" and Helen, a couple living above the Sherwood's apartment. Mac angurand as the Greek landlord Appopolous was the laughter-provoking villain of the play, and Johnny Scaife the reporter who helped Ruth with his eyes on Eileen. Richard Thames stumbled and fumbled to perfection as the over-smitten manager of Walgreen's and Lt. Charles McKee of the Merchant Marine Cadet School was the magazine editor who brought the light of love into Ruth's life for the first time.

Jane Blair played herself a promising character actress in her portrayal of the former tenant, a strip-tease artist of exceedingly doubtful reputation; and Mrs. E. C. Samuels, as Helen's mother, showed righteous indignation in every tone and gesture as she snatched her daughter out of the Sherwood apartment. Octave Delph, as Walter Sherwood, was equally determined to rescue his own daughters from their new surroundings; Ray Stieffel played to perfection the cynical policeman on the beat; and Mrs. Alma Schmertz, caused gales of laughter in her characterization of the prospective tenant being shown the apartment by the landlord. Special credit goes to Earl Weigand, who doubled as the janitor and as the doorman of a Russian nightclub; to Richard Thames, who doubled as the manager of Walgreen's and as a drunken passerby; and to Andy Gray, who played three roles—an unwelcome caller, another drunken passerby, and the underground driller who bursts through the floor in the final moments of the play.

An unusual feature of "My Sister Eileen" was the use of several juvenile actors. Larry Scharff and Jerry Kiefer played tough street urchins, little five-year-old Charles Smith, with his dog, played an interested sidewalk observer; Charles Carter, Jr., played the Cuban consul; and the following Latin American students from St. Stanislaus took the roles of six members of a Cuban Cadet training ship: Raimundo Noda, Jose Maldonado, Manuel Girault, Alfredo Canler, Bernardo Revuelto,

R. W. Taylor Junior Garden Club Presented McArthur Award

The President of the Bay-Waveland Garden Club, Mrs. J. R. Rollins, presented to Bobby Poyadon, the President of the Taylor School Club, the National Victory Garden Institute's McArthur Award for outstanding Junior membership.

The presentation was made at a small party held for the club members at the close of their year's project.

A resolution of thanks was given the ladies of the senior club who had worked with the Taylor School. Each child spoke of that part of the program which they had found most interesting and expressed a sincere hope that they might find Junior Club programs in those schools to which they have been promoted.

A special expression of thanks was tendered to Mrs. W. W. Stock, still teacher of the Taylor School without who generous cooperation the program could not have been achieved.

Methodist Youth Fellowship Sponsors Supper

The Youth Fellowship of the Main Street Methodist Church sponsored a spaghetti supper in the church school annex on Thursday evening of last week.

The young people deserve credit for the work done by them. The tables were nicely arranged and each table was centered and brightened with spring flowers. The dinner was par excellence and was served with alacrity and everyone seemed to enjoy the evening to the fullest.

There will be nine of the young people to go to the young peoples Assembly to be held in the Copiah-Lincoln college at Wesson, May 31-June 3 and the supper was to raise funds to defray expenses.

Juan B. Escheveria.

The basement studio setting was built under the direction of Mr. W. W. Smith and furnished by hard-working assistants under the supervision of Mrs. Gladys Jones, including Mr. J. D. Husband, Mrs. M. Backman, Mrs. F. R. Reindl, and Mrs. J. L. Henderson. Excellent make-up was done by Mrs. Vicky Henry, Mrs. William Freeman and Mrs. C. E. Anderson, and particular credit goes to Mrs. Walter Rausch for her constant assistance all through rehearsals and performance of the play.

SODALITY PRESENT AT PASCAGOULA MAY CROWNING

By Andrew Desormeaux
Loaded with twenty-seven sodalists the Stanislaus bus left Bay St. Louis Sunday, May 15 for the crowning of the Blessed Mother in Pascagoula, Mississippi. In spite of heavy traffic along the way, the group arrived on time for the beginning of the ceremonies.

The participants lined up by two's near the Auditorium of Our Lady of Victory High School. Priests, Nuns, Brothers and laymen were present and also took part in the procession. Present in the court from St. Joseph's Academy were Miss Joy Starita, escorted by Jim Egan, and Miss Margalo Damborino, escorted by Drew Decorneaux.

Upon reaching the Church of Our Lady of Victory, the statue was carried in and placed at the right of the main altar, which was decorated with beautiful flowers. The Queen placed the crown on roses on the head of the statue of Our Lady, followed by the maids of the court, who placed their bouquets about the foot of the altar.

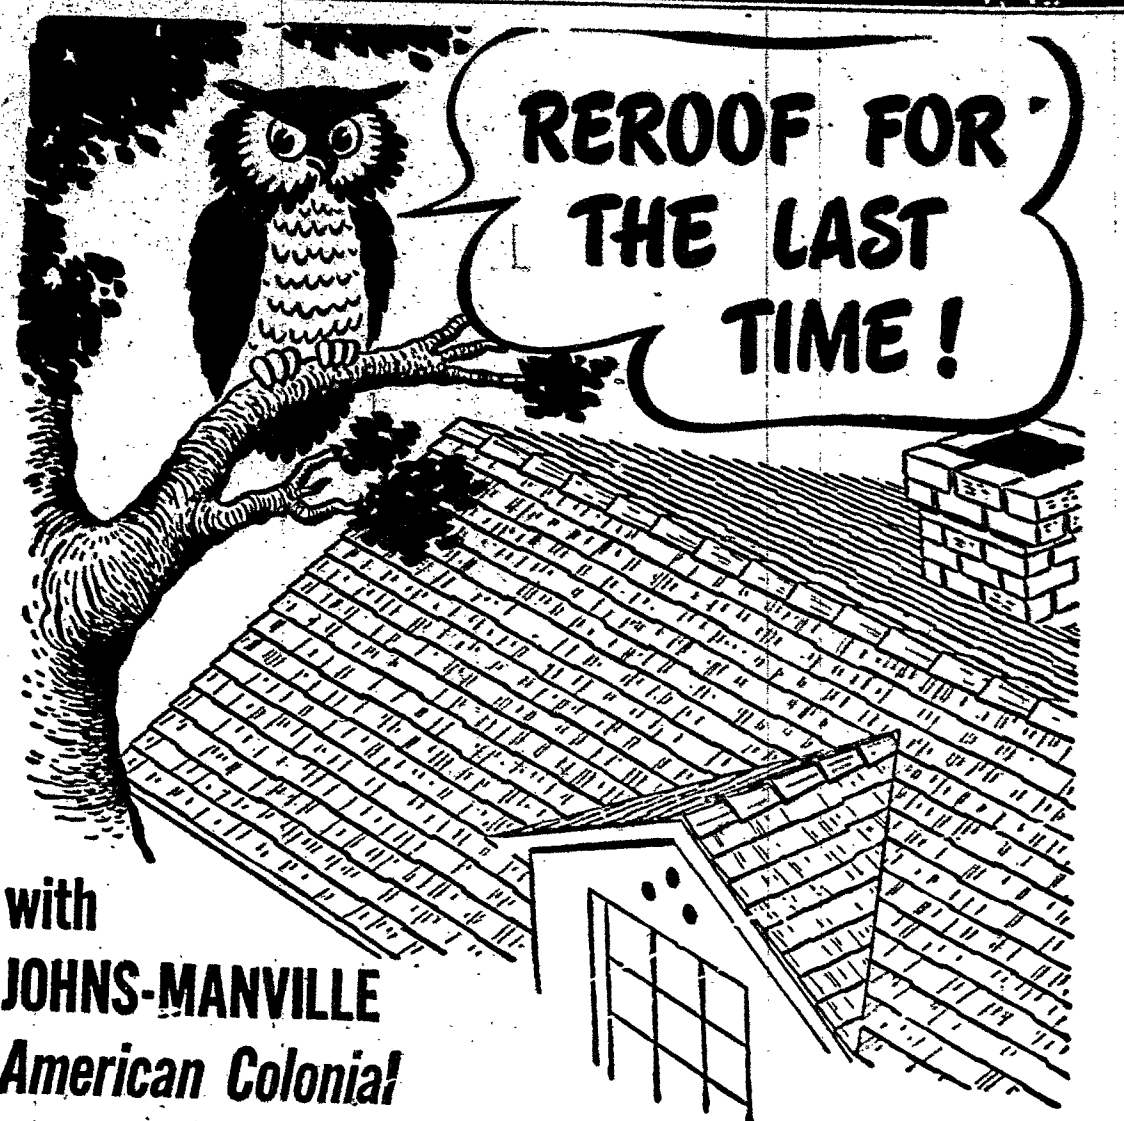

Father Donnelly gave a sermon on the interest and faith we should have in Our Mother in Heaven. Following Father's talk, Benediction of the Most Blessed Sacrament ended the ceremonies.

—St. Stanislaus Rockachaw.

"WE, THE PEOPLE,"

should vote for CYRIL GLOVER for Commissioner on June 4th.

BECAUSE:

We should be tired and very much dissatisfied with the dictating and controlling powers that have proven most definitely a source of destruction for the City of Bay St. Louis. These advising and controlling powers could have used their influence in advising our "EX CITY FATHERS" the difference between right and wrong.

For sixteen years or more these powers have not thought of the welfare of the City of Bay St. Louis, but instead they used the City Administration as a very flexible instrument by which they have received a multitude of personal gain.

We thought that when Sylvan J. Ladner, Jr., and Warren Carver were elected last year that these two gentlemen would certainly take the city out of the hands of these few wealthy politicians, but instead it is well known that Mayor Warren Carver immediately associated himself with this particular group of politicians. And so by his alignment with the one re-elected man of the old group, he automatically placed the City of Bay St. Louis back under the ruling of this unworthy group.

- It is well known that his alignment must have been negotiated for the following reasons: that with the vote of Commissioner W. L. Bourgeois, given to Mayor Warren Carver to use as he saw fit, would give Mayor Carver control of the City Hall. But the catch is, that his control would last only as long as this old group of Bay St.

Louis politicians found it convenient to their pocketbooks. For this power it is believed, and as the records of the minutes of the City Hall have proven, that Mayor Carver attempted to hide from the public the contents of the City Hall records of the Old Administration.

If it were not for Commissioner Sylvan J. Ladner, Jr., this information would never have reached the public. The State Auditors would not have come into the City Hall, exposing illegal expenditures and shortages.

We all remember the election of Sylvan J. Ladner, Jr., by an overwhelming vote in the first primary. He was definitely the people's choice when elected at that time. He has proven to the people that they have well placed their judgment by voting for him.

All the support of the people of Bay St. Louis should be given Commissioner Sylvan J. Ladner, Jr., for his candidate, Cyril Glover, in the election of June 4th.

We well know that if Cyril Glover is elected, the City of Bay St. Louis will be honestly, sincerely, and properly Managed and would be definitely out of the clutches of the Gestapo. The candidate of this old political group, if elected, will immediately align with Mayor Warren Carver who is making a house-to-house canvass for him, and then both would be controlled, lock, stock and barrel, by the same people who have personally received so much profit while controlling and advising the old City Administration.

Let's have a real new deal! Let's take the City of Bay St. Louis out of bondage! Let's insist that the elected City officers run the City Hall THEMSELVES! Let's see that our new City Fathers are men that are not controlled by the same group that has been in control of the City Hall for the past sixteen years.

Talk to your neighbors, your friends, and your relatives. Convince them that they should elect CYRIL GLOVER on June 4th and make Bay St. Louis one of the finest and cleanest cities that any respectable person would be proud to say:

"My Home Is In Bay St. Louis."

FORESTRY NEWS

He didn't know anything about the value of trees and it took him fourteen years to learn but S. S. Smith, 67, Stone County landowner, farmer and fishing pole manufacturer, recently enthusiastically stated, "I think growing pines is the best Gold Bond investment a man can make." Then addressing this reporter, he said, "son! you are wasting your time working for the government, you ought to buy some of this land down here in south Mississippi and grow pine trees on it."

Mr. Smith bought his 40-acre farm 38 years ago. At that time, he said the trees had been cut so he put land in cultivation where it remained until 1933 when his son Marquize who had become interested in pine seedlings while a student at Perkinson Junior College talked him into planting two 2-acre tracts in slash pine. The seedlings used were those which Marquize had helped to plant at the junior college nursery.

The value of growing pines was pointed out to Mr. Smith last fall after he had requested the advice and assistance of State Forest Ranger V. W. Loveless.

Noticing that the trees were two crowded Ranger Loveless recommended a thinning operation for pulpwood and suggested taking out diseased and other poor risk trees.

Mr. Smith received \$60 from the pulpwood sale and will in five or ten more years have sufficient timber for a nice pole harvest.

Since the thinning, the trees are expected to grow at the rate of about one inch in diameter yearly.

As a sideline Mr. Smith makes and sells cane fishing poles. His shed contained different kinds and sizes from the small willow Bream pole to the large heavy-duty slaughter poles used in deep sea fishing. He buys the finest cane, treats it and guarantees that it will not warp. He made the statement that one of his poles could be thrown into a rough field and left for a year and would not warp from weathering. He makes his poles by hand.

TRAIN 4-H'ERS FOR LEADERSHIP IN NATIONAL PROGRAM

If there had been 4-H Clubs when George Washington was a boy, he probably would have qualified as a champion in the National 4-H Leadership awards program. Today's rural youth have the advantage of being trained for leadership by taking part in this program. As one 4-H'er aptly observed--initiative, patience, perseverance and resourcefulness are qualities to be desired in a leader and there's no better place to learn than in 4-H.

With these objectives in mind as they carry on the work in various 4-H projects, Mississippi club members are participating in the 1949 leadership contest, according to the State 4-H Club office. Irene Holman, Hamilton and Charles Barrentine, Greenwood, had the most outstanding records in the state last year, and were presented with a 17-jewel wrist watch appropriately engraved.

Besides the watch for state winners, there is an educational trip to the National 4-H Club Congress for the high-ranking boy and girl in each of the four extension sections. From these eight sectional winners, the boy and girl having the best record will be chosen to receive a \$300 national scholarship. The two runners-up will get a \$150 scholarship. Top boy and girl in each county will be awarded a gold medal of honor. All of the awards--totaling more than \$6,000--are donated by Edward F. Wilson, president of Wilson and Co., Chicago.

There were 47 county medal winners in Mississippi in 1948. The entire program is supervised by the Cooperative Extension Service.

GOLD MINE ?

Dreaming of riches in some far away land? Then wake up Mr. Mississippian and look in your own backyard! For here you'll find a vertiable gold mine if you know how to prospect it.

Yes, more than 12 billion dollars is spent annually on travel and recreation in the United States, making this one of America's major industries from a standpoint of expenditures.

And, Mississippi's potential share of this astronomical sum is estimated to amount to

\$200,000,000 -- a gold mine right here at home.

Your state, through the Agricultural and Industrial Board, had been working for a number of years to get Mississippi a larger share of this business, and with ever increasing success.

Now you too can have a part in encouraging tourists to come to Mississippi more often and stay longer... How? By participating in "Hospitality Month" in Mississippi this May, by cooperating with your local Travel Promotion Committee.

NEW FORESTRY BILL INTRODUCED IN CONGRESS

During the early part of this month, the Forestry Bill was introduced by Senator Anderson (Democrat-New Mexico) known as Senate Bill 1820. This bill would give the Secretary of Agriculture very broad powers to make rules and regulations for the cutting and handling of virtually all the forest lands in this country. This bill would permit

the Secretary of Agriculture or his representatives to place fines up to \$5,000.00 on private forest owners, who would violate any of the strict federal forest regulations.

All forest owners regardless of size of holding would be affected by the bill. The legislation would apply to any land bearing a growth of forest trees of any age. It would not be possible to cut the trees off of any piece of ground over 40 acres in size without a special federal permit.

According to Senator Anderson's bill, if the different States did not

draw up their own forestry laws in regards to cutting within three years, then federal controls would be put into effect.

The Secretary of Agriculture would be Chairman of a National Forestry Board of twelve (12) members. The Secretary of this Board would have practically complete power and any time they wished, they could turn a States plan as not being comprehensive enough and impose a federal plan after three (3) years. Furthermore, if the Secretary should decide a State plan, which had previously been approved for forest regulation, was not being carried out, he could hold a meeting, withdraw all financial aid and declare a federal program effective for ten years.

In this Bill the Secretary of Agriculture is "authorized, empowered and directed to make rules on forest products" to apply to

1. Forest lands which produce goods for commerce, either inter- or intra-state;

2. Forest lands presently or prospectively suitable and available for the production of forest products for commerce;

3. Forest lands in the watershed of navigable streams;

4. Forest lands which are determined by the Secretary to be close enough to federally-owned lands so as to be a hazard because of fire, insects, disease, erosion, or floods;

5. Forest lands in any territory or possession of the U. S.

This Bill is another attempt to curtail State power and further regulate our lines and affairs from Washington. All thoughtful citizens should think long and earnestly over this. Nearly all State Forest Services believe this regulation is a State matter and can be handled better by State Legislation than Federal.

Your Social Security How To Qualify

To receive monthly old-age insurance payments when you are 65, you must be "fully insured" and you must file an application.

To be "fully insured" you must work about one-half the time under social security. Actually we figure it this way:

First, we figure the number of calendar quarters from January 1, 1937, until the quarter in which you reach 65. Now divide this number by two because you must have one quarter of coverage for each two quarters elapsing during this time. A "quarter of coverage" is simply calendar quarter in which you are paid at least \$50 wages under social security.

Where the number of quarters of coverage required would figure less than 6 or more than 40 quarters, the law says you must have at least 6, or on the other hand, that you need not have more than 40.

If you were born on or before July 1, 1875, you will need only 6 quarters of coverage in order to receive a monthly old age insurance payment. If you were born after January 1, 1892, you will need 40 quarters of coverage in order to be fully insured and to get a payment at age 65.

This rule tells how to figure how many quarters of coverage you need, but quarters of coverage may be earned at any time, even after 65. During the war, some persons past 65 went to work for the first time under social security and became eligible for monthly retirement benefits.

This is the second in a series of articles on "Your Social Security." In our next issue we will discuss, "Your Social Security, Family Benefits."

For further information consult your local Social Security Adm. Field Office.

CANDIDATE
for

CITY COMMISSIONER

TO THE QUALIFIED ELECTORS OF BAY ST. LOUIS:

As the campaign of the Special Election to be held on Saturday, June 4th, draws to a close, I would like to clarify a few of the statements being circulated.

My opponent has made the public statement that I am being "controlled." It has also been said by some of the PROPAGANDA SPECIALISTS that the Mayor and I will "control" the City if I am elected.

I want to make it DISTINCTLY CLEAR in your mind that I SEEK NO POWER AND WILL NOT BE DICTATED TO BY ANYONE. I repeat my former public statement, which is that if I am elected your CITY COMMISSIONER I will be COMPLETELY IMPARTIAL IN DECISIONS AFFECTING OUR CITY'S PROGRESS.

It is time for us to STOP SUCH BICKERING, and WORK TOGETHER FOR THE BETTERMENT OF OUR CITY!

Another MALICIOUS RUMOR being circulated is that "Roland is harping on the fact that he is a veteran." I want you to CLEARLY UNDERSTAND that I DO NOT think that I should be elected MERELY BECAUSE I AM A VETERAN OF WORLD WAR II but I DO THINK THAT I AM ENTITLED TO SOME CONSIDERATION BECAUSE OF THIS FACT! I am proud to have had an opportunity to serve our Country, and if my position in this election is critical of this fact, then I say EXAMINE MY RECORD—IT SPEAKS FOR ITSELF!

My opponent further stated publicly that I was being supported by the "Wealthy Few" citizens of our City. We veterans of this nation fought for ALL OF IT'S CITIZENS—NOT THE "wealthy few," and if you elect me to the Commission Council, I PLEDGE MYSELF NOW TO CONTINUE SERVING EACH AND EVERYONE OF YOU TO THE BEST OF MY ABILITY—NOT MERELY THE "WEALTHY FEW!"

DO NOT BE MISLED BY THE FALSE AND MALICIOUS RUMORS BEING circulated by the PROPAGANDA SPECIALISTS. I respectfully solicit the support and influence of EVERY VOTER, and if you elect me to this office, YOU MAY REST ASSURED THAT I WILL DO MY UTMOST TO COOPERATE WITH THE PRESENT CITY OFFICIALS, AND BE UNBIASED IN MY DECISIONS CONCERNING OUR CITY'S WELFARE.

LET'S MAKE BAY ST. LOUIS A BETTER PLACE TO LIVE IN AND WORK TOGETHER TOWARD THAT GOAL—YOUR VOTE FOR ME WILL BE THE FIRST STEP IN THIS DIRECTION!

Sincerely yours,

J. C. ROLAND, JR.

Let's All Put Our Shoulder to the wheel

Mississippi can become one of the greatest vacation and recreation states in the South. We have the best highways in the Nation, excellent year-round climate, a beautiful Gulf Coast, historic interest, lovely state parks and scores of attractions which only Dixie can provide.

The big job now is to sell ourselves and others on these numerous advantages.

And that job can be accomplished during "Hospitality Month" in May if we all put our shoulder to the wheel.

Your state is advertising for its share of this 12-billion dollar travel and recreation business; your community has organized a Travel Promotion Committee to help our community get its share.

By supporting and cooperating with this Committee, you can help your town and yourself get a share of Mississippi's potential \$200,000,000 travel business.

How's Your LISTENING TIME?

Buck Howell and I were in Baleville last week. Dropped in at Bob's place where some friends were sitting around talking about whether to sell cows now or wait.

Buck plunges right into the discussion. He's lecturing away when suddenly they all stand up and start stomping their feet like it was an Indian war dance. I'm flabbergasted. But Buck only looked sheepish and explains, "Guess I was talking again. When a person's talking time gets out of line with his listening time around here, the gang reminds him by standing up and stomping."

From where I sit, that's a good system. Everyone has a right to his opinions—but others have a right to theirs, too—whether it's deciding between to sell or not to sell, apple pie or cherry pie, or a glass of mellow beer or cider. Life's more interesting that way, and hang it if you don't sometimes learn something!

NATURAL GAS Pathway TO COMFORT

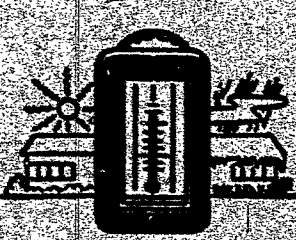

Thousands of American families learned last year for the first time the comfort, convenience and economy of natural gas service. Local distribution companies worked long and diligently to meet the expanding demand for this perfect fuel. Every resident of this area benefits in one way or another from the growth of the natural gas industry, for the money the industry invests in payrolls, supplies and equipment means more money in circulation for all to share.

Automatic natural gas cooking and water heating are indispensable home servants.

Silent gas refrigeration keeps food fresh and palatable... stays silent, lasts longer.

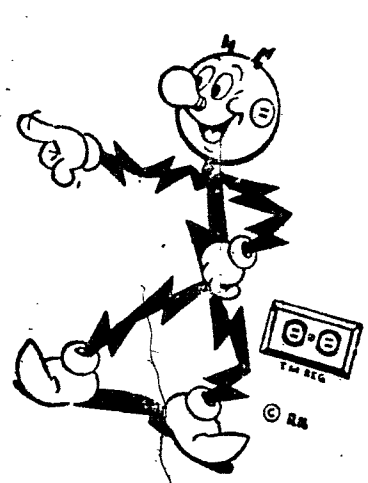

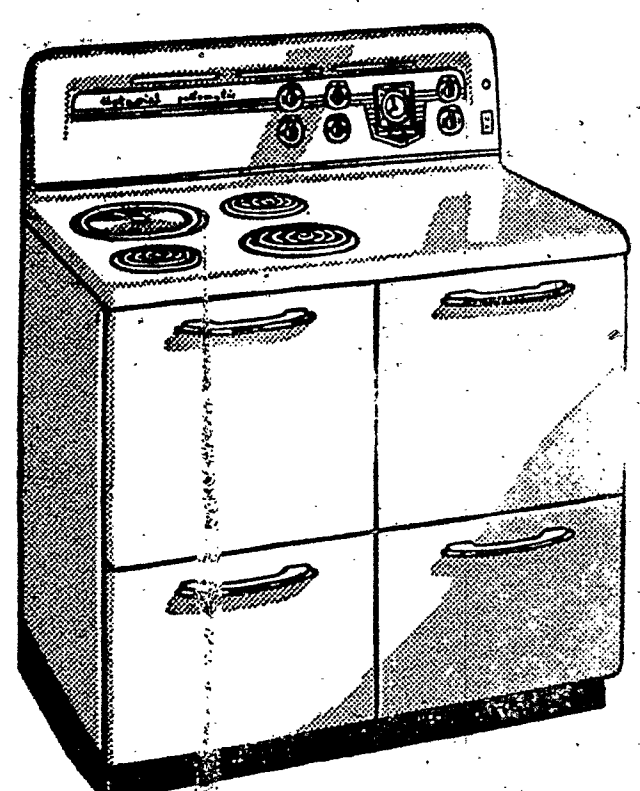

Year-round gas air conditioning keeps homes warm in winter and cool in summer.

ARMY RESERVE CORPS NEWS

At the meeting of Thursday night, May 19, held at the new ORC Armory, which was formerly the Woodman of the World Hall, our new and permanent Commanding Officer for Company B, was introduced to us. While he is not new to most of us, there were so many new faces present that he was unknown to some. After a brief talk by Lt.-Col. Murphy our new commanding officer stepped forth. He is none other than our genial Cashier at the Hancock Bank, Robert L. (Red) Hamilton. To all of us who know Robert he is still Bob or Red but to the members of the new ORC Unit he is to the "CO."

Hamilton holds the rank of Major, Infantry AUS. All we can say is that we are very glad to have Bob as our commanding officer and we want him to know that not only the members of the ORC are behind him 100% but also the entire community is with him. We know that with a local man, one that we all like and respect, that the Army Reserve will grow to full strength and be an asset to our community.

About 50 men were present at this meeting, and although many of them could not meet the requirements as to age, etc., it shows that more interest is being created in the unit. Meetings are to be held every Thursday night at the Armory at 8 P. M. All men between the ages of 17 and 33 years of age are invited to

NOTICE

To the Tax Payers and Voters of the 1st Ward of Waveland, as your representative, I have been endeavoring for the past 18 months to have the ditches cleaned, and the grass cut, but to no avail due to the lack of co-operation on the part of the Mayor, who is in charge of the town labor, and of course being a minority member of the council, I cannot have a motion carried. The Mayor seems to be taking out his feelings on you, on account of his ill will towards me, I hope you will remember this treatment by the Mayor, when election comes around. I have asked the foreman of the town labor ever so often to do the above work in our Ward having your interests in mind, but to no avail, and I take this means of informing you why.

By Jack Dresher

The big day has come not only for the Seniors, but also for those graduating from the Grammar Grades and entering High School. The boys graduating from the Eighth Grade are: John Boudin, Frank Brown, John Busbee, Thomas Callis, William Cooper, Roy O'Neil, Leonard Benvenuti, Gerald Kimble, Ellis Cuevas, John Radford, Jose Carias, Robert Larve, Eugene Dabiez, Howard Reeder, James Collins, Donald Luc, Thomas Dreyfus, Joseph Scharff, James Curran, Louis Lucas, Richard Englisbee, Thomas Schoen, Rafael D'Alta, William McDonald, William Ball, Thomas Sumrall, William Gearheard, Leroy Noto, Moises Garcia, Ed Thomasch, Pedro Gonzales, Frank Noto, Gerald Gex, James Tucker, Eugene Guedry, Glenn Orrett, Nickolas Haas, Richard White, Ralph Hill, Stanley Phillips, Donald Ladner, Donald Levy, Sid Kelly, Frank Pons, Robert Mangum, Thomas Everett, Terry Kiefer, Henry Roca, Carlos Quinones, Bert Stieffel, David Treutel, Frank Wittman, John Caruso.

COMMENCEMENT EXERCISES SUNDAY MAY 29TH.

Most Reverend R. O. Gerow
To Address Graduates

Thirty-seven young men will receive St. Stanislaus diplomas Sunday, May 29th., thus completing their secondary school work.

Most Reverend R. O. Gerow, Bishop of Natchez, will address the Graduates immediately after the diplomas have been distributed by the Very Rev. Monsignor A. J. Gmelch, Pastor of Our Lady of the Gulf Church, Bay St. Louis.

Salutatorian for the class of 1949 is Walter James Egan, of New Orleans, Louisiana, who has attended St. Stanislaus the full four years of his high school course. The Valedictory will be delivered by Michael Bernard Dolan, Jr., of Yazoo City, Mississippi, a student at St. Stanislaus for the past three years. These boys were selected because they lead their class in scholastic average for the Senior year. Both boys were also very active in extra curricular activity around the campus.

Immediately following the ceremonies in the Auditorium, all students whose parents have called for them will be free to leave for home. Those leaving by train for New Orleans will take the 1:50 train. Those going towards Mobile will board the Piedmont.

Classes will resume after the summer vacation, on Tuesday, September 6.

Because of the fact that the facilities of St. Stanislaus will be used for retreats and summer camp, students are advised not to leave their belongings behind, as it will be hard to locate them and send them back.

HENO-JOHNSTON NUPTIALS

SATURDAY AFTERNOON

Miss Rosemary Johnston, daughter of Mrs. Arthur Johnston and the late Mr. Johnston of this city and Mr. Ralph Joseph Heno, Jr., son of Mr. and Mrs. R. J. Heno of New Orleans were married at Our Lady of the Gulf Catholic Church on Saturday, May 21, at 4 p. m. Right Reverend Monsignor A. J. Gmelch, officiating.

The bride who was given in marriage by her brother Mr. A. R. Johnston wore a becoming wedding dress of ice blue silk organza made with a long full skirt and fitted bodice, high neck and cap sleeves. With this she wore a white hat trimmed with flowers and finished with a short face veil. She carried a hand bouquet of an orchid and orange blossoms. The bride had as her only attendant her sister Miss Marilyn Johnston who wore a dress of Baby pink flowered silk and carried a hand bouquet of white rosebuds. Mr. Heno had as his best man his brother Mr. Jerry Heno.

Following the ceremony a reception was held at the home of the bride's brother and wife, Mr. and Mrs. Harold Johnston. The house was decorated throughout with spring flowers and the bride's table was covered with a lace cloth and held a large four tiered wedding cake which was surrounded with pink rosebuds. Silver candle sticks completed the table decorations. The bride cut the cake in the traditional manner.

For traveling the bride wore a suit of pink gabardine with a small white hat and her accessories were white.
